

# LEARN & CONNECT

Why you should be part of the fully virtual  
NAPCRG Annual Meeting Nov. 20-24, 2020

## Reduced Rates

NAPCRG realizes budgets are tight and has adjusted annual meeting rates to help accommodate these concerns. Pricing for members ranges from \$150 to \$375, if registered by Oct. 15, 2020.

## Attend from Anywhere

Join from work, home or any convenient location. NAPCRG is making a concentrated effort to schedule events at a variety of times to accommodate multiple time zones.

## 24/7 Content Access

Attendees enjoy on-demand online access to all plenary and breakout sessions content for 90+ days after the meeting. No need to compromise choices; go back and review everything.

## Network & Interact

The meeting includes plenty of engagement opportunities, including interactive poster walks, live oral presentations, special interest groups and relaxed receptions so you can connect with like-minded researchers.

## Unique Entertainment

Enjoy supporting entertainers in these challenging times. Many voices and languages will inspire and delight, setting a backdrop for the rigor, enlightenment and joy of research in this challenging year.

Primary care research programs provided by NAPCRG would not be possible without the generosity of our members. NAPCRG is a 501(c)(3) nonprofit organization. All contributions are tax-deductible to the extent provided by law. [Consider donating today.](#)
